Application Deadline: January 5, 2026

Stanford
MEDICINE

Children's Health

Kim Lee,
PharmD, BCPPS
PGY1 Residency
Program Director

Shabnam Gaskari,
PharmD
PGY2 Residency
Program Director

Lucile Packard Children's Hospital Stanford, one of the nation's top pediatric hospitals as ranked by *U.S. News & World Report*, welcomes pharmacists to join our ASHP Accredited Pharmacy Residency Program.

Employment Information

- Duration: 24 Months
- Positions: 1
- Estimated PGY1 Stipend: \$68,000
- Estimated PGY2 Stipend: \$89,000
- Interview Required: Yes

Benefits

Benefits include health, dental, and life insurance; sick leave; and 10 days paid time off. In addition, residents receive travel and educational leave as well as a stipend to attend and participate in presentations for a minimum of two professional meetings.

Residency Program

Our 394-bed hospital, an academic institution and tertiary referral center, provides an unparalleled setting for residents to gain exposure to diverse patient care services. Our resident program provides comprehensive experiences in pharmacy management and operations, human resources, business operations, and advanced leadership. Through these comprehensive learning opportunities, residents are supported in developing essential professional skills to become visionary leaders in pharmacy.

Master of Science Degree

Residents have the opportunity to further their professional development through our elective Master of Science Program in Pharmaceutical Sciences, with a specialization in Health-System Pharmacy Administration, in partnership with the University of North Carolina at Chapel Hill.

PGY2 Required Learning Experiences

- Hospital Orientation
- Business Operations
- Clinical Pharmacy Management
- Compliance and Quality
- Executive Pharmacy Leadership
- Inpatient Pharmacy Management

PGY2 Longitudinal Experiences

- Pharmacy Research
- Pharmacy Operations
- Administration and Leadership
- Human Resources and Recruitment

PGY2 Elective Learning Experiences

- Sterile Compounding and Supply Chain Management
- Specialty Pharmacy Management
- Finance and Budget
- Informatics
- Nutrition
- Acute Care Pediatrics
- Development of a new learning experience based on resident interest and preceptor availability
